*The Independent Title Agents Network (“TiTAN”) Names
Eric Wetherington as Director of Sales and Marketing*

September 22, 2008, Wyoming, MI – TiTAN is proud to announce and welcome Eric Wetherington as Director of Sales and Marketing. In this role, Mr. Wetherington will be responsible for contributing to the aggressive growth of the company on a nationwide scale.

He joins TiTAN with over 12 years of experience in title insurance, sales, and marketing, having worked with independent agents and underwriters. His past positions include serving as Vice President of Business Development at Investors Title Insurance Company and as Director of Sales and Business Development for Chicago Title in Michigan. Wetherington has been a strong proponent of integrating technology solutions into the title industry. He has lead the development and rollout of several software and web-based initiatives, working with programs such as Soft Pro, Transaction Point, and RealEC.

Coming up through the title industry, he has performed a multitude of functions including title search and examination, closing, sales and marketing, and business development. This background has given Wetherington the ability to bring operational know-how and technology together to create winning solutions for everyone. “With Eric’s background in web technology as a way to generate orders, he has the expertise and the sales experience to help TiTAN grow even more. We have seen incredible growth in our first year with members in 32 states and orders with a combined value in excess of a half a billion dollars. With the addition of Eric, our goal will be to triple that during our second year.” said Judy Sasfy, Vice President of TiTAN.

“I am thrilled to be joining TiTAN as they plan for rapid expansion. Their commitment to providing solutions to help independent agents succeed is unmatched, and I look

forward to helping them serve the needs of agents all over the country,” said Wetherington.

Sasfy further stated, “We are very excited to welcome Eric to our team at TiTAN. His knowledge of the industry and his background with several technology platforms will help us achieve our goal of becoming the industry leader in providing solution resources to independent agents. Eric and I go back to both of our days at Chicago Title and Eric is the one who brought me into the title business. I am looking forward to working with him again!”

###

TiTAN is focused on providing a network of independent agents the ability to handle title orders in any location throughout the country. With a simple user interface, members can place, receive and track orders with other members on the network. This allows agents to secure orders that they otherwise would have missed out on due to lack of serviceability. For more information about TiTAN and the benefits it provides to independent agents, contact Judy Sasfy at judy.sasfy@titanreferrals.com or visit our website at www.titanreferrals.com.
